

Bracken Ridge Swimming Club Membership Fees 2019 - 2020

Your Family Membership fee comprises a "Club" component" and a "Peak Body" component.

Club Component

The club membership fee is payable **per individual** based on the table below. Remember please **list all** family members including Parents/Guardians. **This component is payable by all individuals who wish to be a member of the club.** The club is offering a 5% discount to families with 3 swimmers and a 10% discount to families with 4 or more swimmers as Swimming Queensland have moved to a Swim Central and we are unable to offer our previous fee structure. This discount will approximate the fees approved at the AGM and is only applicable to the club component when all memberships are paid at the same time.

Peak Body Component

This fee is charged by Swimming Queensland on behalf of themselves, Swimming Australia and the Brisbane Swimming Association. This fee provides comprehensive insurance to each member **and is only payable once per season via the online payment portal.**

Age is calculated as at 01/07/2019 if renewing date of joining if first time member.
